

IN THE BOARD OF SUPERVISORS

County of San Luis Obispo, State of California

_____ day _____, 20__

PRESENT: Supervisors

ABSENT:

RESOLUTION NO. _____

**RESOLUTION MAKING FINDINGS PURSUANT TO
PUBLIC CONTRACT CODE SECTION 3400
DESIGNATING PRODUCTS BY SPECIFIC BRAND OR TRADE NAME
IN THE PLANS AND SPECIFICATIONS FOR THE
2016 JOB ORDER CONTRACTS (JOC)
JOC16-1 and JOC16-2**

The following Resolution is now offered and read:

WHEREAS, the Board of Supervisors (“Board”) in accordance with the California State Public Contract Code will consider award of the construction contract for the 2016 Job Order Contracts (JOC) JOC16-1 and JOC16-2 project; and

WHEREAS, Public Contract Code Section 3400 provides that local agencies may describe in their invitation for bids that a particular material, product, thing or service is designated by specific brand or trade name if the awarding authority, or designee, finds that the product is designated “in order to match other products in use on a particular public improvement either completed or in the course of completion” or “ in order to obtain a necessary item that is only available from on source”; and

WHEREAS, Public Contract Code Section 3400 establishes that an item is available from only one source if there is not an “equal” product, meaning a product that will “function as well, in all essential respects” as the designated product; and

WHEREAS, The Gordian Group, the County’s design consultant for the Project, has completed the specifications for the Project; and

WHEREAS, the design of the project includes specification of door hardware components, building automation, fire alarm and security systems; and

WHEREAS, such door hardware components, building automation, fire alarm and security systems, have general application County-wide, form a major part of the existing County facility infrastructure and are a significant investment at existing County facilities; and

WHEREAS, standardization has allowed the County to maintain compatibility and maximize staff effectiveness in servicing these systems; and

WHEREAS, allowing a contractor or vendor to replace the existing systems and implement alternative products could result in greater costs to the County related to ongoing future maintenance and replacement of the systems; and

NOW, THEREFORE, BE IT RESOLVED AND ORDERED by the Board of Supervisors of the County of San Luis Obispo, State of California, as follows:

1. All of the recitals herein contained are true and correct.
2. The Manufacturers listed in the attached Exhibit have produced the products described in the Exhibit that meet the County's needs for the Project.
3. The products are necessary components of the Project design that must match those of the County's standardized facility infrastructure.
4. The products and manufacturers described in the attached Exhibit meeting the County's needs for the Project shall be specified by name in the Invitation for Bids for the Project.

Upon motion of Supervisor _____, seconded by Supervisor _____, and on the following roll call vote, to wit:
